

Water We Up To?

Wishing you a Happy and Healthy Holiday and New Year!

We would like to wish each and every member a very happy and healthy holiday season and new year! If you or someone you know in our service area is struggling, please contact customer service for information on utility bill assistance.

Avra Water’s 48th Annual Meeting of the Board of Directors Recap....

- The Annual Meeting was held on November 20th at the Picture Rocks Elementary School.
 - There were 67 members signed in for the meeting .
- Dayv Marlow, the board president, thanked everyone for taking the time to attend the annual meeting, discussed future development in Picture Rocks, and how a future rate analysis is necessary to keep up with the cost of inflation.
- Jack Wheat introduced Heather Gordon from Ullman & Co who updated the membership on the Co-op’s financial statements.
- Cathy Kuefler and Sal Madrid presented the annual Co-op Update which included conservation and meter grants awarded, conservation items available to the membership at no cost, an update on the front office remodel, the different types of meters throughout our system, and how to check for leaks.
 - Congratulations to Jack Wheat and Dayv Marlow on their re-election to the board. Your hard work and support is appreciated!
- Welcome, Steve Wilcox, our newest board member. We look forward to working with you! Raffles and prizes were awarded - Congratulations to all of our winners!

Do you have a leaky faucet, toilet, showerhead, or hose bib? We can help!

- ◆ Toilets leaks can be silent! You should check your toilets for leaks at least twice a year. Put blue toilet dye tabs or food coloring in your toilet tank. If it seeps into the bowl without flushing, there's a leak.
 - ◆ Upgrade old toilets with water saving toilets.
 - ◆ Turn off the water while brushing your teeth.
 - ◆ Check for leaks by looking for soggy ground or eroded soil. Green vegetation in an area you have not been watering is also a red flag.
 - ◆ Check irrigation emitters regularly and fix or replace the clogged or missing emitters.
- ◆ Install an irrigation timer.
 - ◆ If your shower fills a one gallon bucket in less than 20 seconds, replace the showerhead with a Water Sense showerhead.
 - ◆ Install water saving aerators on all of your faucets.

Many of these items are available in our office. Please stop by anytime during regular business hours to pick some of these complimentary items up!

The AWC Operations Team!

Billy, Theron, Austin, & Steven.

These four guys keep our system safe and operating smoothly. You will see them all over our service area in white trucks with the AWC logo. Call the office if you ever have a question, think you may have found a leak, or need assistance. 520-682-7331 We are here to help!
